

Partnering with Today's Entrepreneurs to Create Successful Technology Companies of Tomorrow

### Partners with Coates Analytics

Pyxis Mobile, a leading provider of innovative wireless software that meets the diverse needs of the financial services industry, announced their mPlatform Alliance partnership with Coates Analytics, a leading provider of distribution data and technology services to the financial product sales and distribution marketplace. This partnership will provide wholesalers and institutional sales professionals with vital competitive sales information to more effectively target branches and associated sales messages via their mobile devices.

### Expands Market with Launch of New Product

This month, IntelliVid announces the Specialty Edition ("S.E.") of its Video Investigator software, designed for specialty retailers and other smaller-footprint stores. S.E.'s easily-configured, turn-key format also makes it an ideal solution for larger stores seeking to deploy intelligent video analytics in targeted, theft-prone areas. This version of the product offers all of Video Investigator's core functionality including Video Article Surveillance™, Computer-Aided Tracking™ and Video Investigation Management™. ### Record 125 New Customers Added

Top Layer Networks, a global leader of high performance intrusion prevention solutions announced record growth in revenues, including 2005 to 2006 year over year growth of 56 percent in IPS related revenues, and growing profitability throughout 2006. The Company also signed a record number of over 125 new customers in 2006. Additionally, the Company expanded its global full-time staff over 27 percent over the past three months to keep up with escalating market demand for intrusion prevention technology. ### Launches Improved Thought Leadership Website

The new [www.RevenueRecognition.com](http://www.RevenueRecognition.com), created in partnership with CFO.com, presents more content in a more user friendly design. The site features expert insight from leading SEC and EITF members, case studies, white papers, webcasts, educational resources from the AICPA and many articles. Key topics include: revenue recognition, revenue reporting and forecasting, industry specific revenue challenges, as well as compliance and other related issues.
