Corporate Executive Board Partners With HighRoads For Key Healthcare Data

The Corporate Executive Board has announced an alliance with HighRoads whereby they will use real-time health care benefit data from HighRoads Lab product to analyze the effects of health-care design changes as a result of health care reform. The combined HighRoads-CEB database will become the only national source of real-time benchmarking data for health care

plan design metrics. As the 2011 procurement season takes shape, the HighRoads Lab will provide the first look at changes in employer benefit plan structure and effects on employees. www.highroads.com
