

Signs Mass Executive Office of Transportation

The Massachusetts Executive Office of Transportation (Mass EOT) has signed an agreement for a large-scale pilot of Envista's Infrastructure Project Coordination in the Boston/Route 128 area. EOT oversees several transportation agencies including the Mass Pike, the MBTA, Mass Highway and Mass DCR. Envista's Software as a Service for utilities, municipalities and transportation agencies is a highly graphical web application used for map-based synchronization of construction and maintenance projects. www.envista.com

First Orders from Truck Fleet Drivers

VXI has received its first large order for its BlueParrott Roadwarrior B150 Bluetooth Headset for cellular phones from fleet and short haul trucking companies. The initial order was for over 800 headsets. Additional headsets have gone to Wal*Mart, Yellow Freight and Sawyer Trucking for their drivers. The B150 provides high-quality, noise cancelling technology for drivers looking for professional sounding calls with handsfree operation while on the road.

First Wireless Game Controller for Mobile Devices

Zeemote, the creator of intuitive user interface devices, launched its patented Zeemote JS1, a wireless analog controller that enables near-console game play on mobile phones. While dramatically expanding the mobile entertainment experience for consumers, the groundbreaking Zeemote JS1 provides operators with an opportunity to increase their revenue and enables developers to create more sophisticated, engaging games. Created by the team that developed the first force feedback joystick for PC gaming, the Zeemote JS1 brings mobile gaming to a fun, fast and interactive level. www.zeemote.com

Another Customer Win at America Movil

OnePIN announces another customer win for its mobile service, CallerXchange, within the America Movil operator group. America Movil provides services to over 137 million wireless subscribers in the Americas, covering a population of 770 million people. CallerXchange is now in the hands of mobile subscribers throughout Panama, the Dominican Republic, Honduras and Nicaragua. CallerXchange is a peer-to-peer mobile service that connects people and enhances social networks. www.onepin.com
