

Partnering with Today's Entrepreneurs to Create Successful Technology Companies of Tomorrow

Expands Into New Market with New Partner

VXI has received its first order from one of the top five international fast food restaurant companies in the world. VXI will be supplying a customized, industrial-grade, Bluetooth wireless headset solution to improve customer flow speeds at drive-thru windows. VXI has long provided professional audio technology products to industrial customers looking for high quality headset solutions. www.vxicorp.com

Enlists KeySpan in its Compass Program

Envista has enlisted KeySpan Energy in its Compass Program to define, develop and implement a web-based application for today's critical infrastructure needs. KeySpan is the fifth largest distributor of natural gas in the United States and the largest in the Northeast, serving 2.6 million customers. Envista solutions enable public, private and government entities to better utilize resources, improve services and address the needs of aging infrastructure. www.envistasoftware.com

Todd Hussey Appointed Vice President of Sales

Whaleback Systems, the VoIP industry's only provider of premised-based managed telephony service for small to medium business, announced the appointment of Todd Hussey as VP of Sales. Todd joins Whaleback from Viola Networks where he was VP of North American Sales. He has held executive sales management positions for a full spectrum of enterprise and carrier product and service companies, including Adlex Corporation, Silverback Technologies Inc., Concord Communications Inc., PictureTel Corp. (now Polycom) and Fujitsu Business Communications. Todd is currently overseeing the expansion of Whaleback's channel program into several major metropolitan markets including Atlanta, Philadelphia, Chicago and Dallas. www.whalebacksystems.com

Busy Summer

The Summer of 2007 has been busy and exciting for Nexaweb, its customers and its partners. Recently, the Butler Group published the 'Rich Web Applications: The Business Benefit of Web-enabled Application Development' report which identified Nexaweb as having "a commanding market position with a product that is widely regarded as best of breed and is worthy of a place on most technology selection shortlists." Nexaweb also made significant news of its own with its 'Web2SOA' Ecosystem Partner Program and more successful customer deployments. Most recently, a logistics management platform was deployed by SBE Group, one of the world's leading electronic manufacturers. In addition, Nexaweb was front and center in reports from *eWeek*, *SD Times* and *Military Information Technology*. www.nexaweb.com
